Notes to CONDENSED CONSOLIDATED Financial Statements

(UNAUDITED)

Note 1 -- Basis of Presentation

In the opinion of management, the accompanying condensed consolidated financial statements include all adjustments necessary to present fairly the financial position, results of operations and cash flows. These adjustments are of a

normal, recurring nature. However, the financial statements do not include all of the disclosures normally required by accounting principles generally accepted in the United States of America or those normally made in the Company's annual report on Form 10-K. Please refer to the Company's annual report on Form 10-K for the year ended December 31, 2003 for such disclosures. The condensed consolidated balance sheet as of December 31, 2003 was derived from the audited consolidated balance sheet as of that date. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year.

Note 2 -- Contingencies

In the June 30, 2004 10Q the Company reported that it was involved in a legal action that was in its preliminary stages. During the third quarter 2004 this proceeding was settled on terms satisfactory to management with no material effect on the Company.

The Company is involved from time to time in disputes and other litigations in the ordinary course of business including certain environmental and other matters. The Company presently believes that there will not be a material adverse impact on financial position, results of operations, or liquidity from these matters.

Note 3 -- Pension

Components of net periodic pension cost are as follows for the periods ended:

	Three Months Ended		Nine Mont	hs Ended	
	September 30 September 30 2004 2003		September 30 2004	September 30 2003	
Components of net periodic benefit cost:

	\$ 8,789	\$ 24,901	\$ 26,364	\$ 74,703	

The Company previously disclosed in its financial statements for the year ended December 31, 2003 that it expected to contribute \$29,000 to its pension plan. As of September 30, 2004, no contributions have been made. The Company has recalculated the expected contribution and determined that contributions to its pension plan in 2004 are not required. Therefore, the Company does not intend to contribute to the pension plan in 2004.

Note 4 -- Accounting for Stock-Based Compensation

At September 30, 2004, the Company has one stock-based employee compensation plan. The Company has elected to adopt the disclosure only provisions of Statement of Financial Accounting Standards No. 123, Accounting for Stock-Based Compensation, and continues to measure costs for its employee stock compensation plans by using the accounting methods prescribed by APB Opinion No. 25, Accounting for Stock Issued to Employees, which allows that no compensation cost be recognized unless the exercise price of the options granted is less than the fair market value of the Company's stock at date of grant. Generally, no stock-based employee compensation cost is reflected in net income, as all options granted had an exercise price equal to the market value of the underlying common stock on the date of grant. See Note 7 for shares exercised in 2004.

(7)

The following table illustrates the proforma effect on net income and earnings per share as if the Company had applied the fair value method under SFAS No. 123, Accounting for Stock Based Compensation, to stock-based employee compensation for the periods ended:

Note 5 -- Litigation Settlement

As a result of significant developments in the first quarter of 2003 the Company's German subsidiary settled litigation for \$175,000. This amount exceeded previous accruals by \$153,000 and was charged to other expense.

Note 6 -- Income Taxes

In 2004 and 2003, consolidated income before income taxes includes losses of foreign subsidiaries with no income tax benefit, resulting in an effective consolidated income tax rate greater than the United States statutory rate.

Note 7 -- Capital Structure

During the first nine months of 2004, the Company issued 187,200 shares of common stock with proceeds of \$662,892 upon the exercise of outstanding stock options. The company also repurchased 46,830 shares of common stock for treasury. The shares were purchased at fair market value, with a total cost to the Company of \$235,598. During the first quarter, an additional \$31,225 of compensation expense was charged to operating results as a result of the Company's repurchase of 16,000 shares within six months of exercise of certain options by a terminated employee.

Note 8 -- Business Combination

On May 28, 2004, the Company purchased Clauss Cutlery, a division of Alco Industries, Inc.. The scissor and cutting business at Clauss is expected to generate approximately \$2.0 million in annual net revenues. The purchase price was the aggregate value of inventory, trademarks and brand names totaling \$446,754. Included in the purchase price is a stand-by letter of credit the Company issued in the amount of \$230,000 for a trademark from Alco Industries, Inc. that was renewed by the U.S. Patent and Trademark Office on July 13, 2004. The letter of credit was set-up to expire on May 28, 2005, if the trademark was not renewed. Since the trademark was renewed prior to the expiration date, Alco Industries, Inc. enforced the letter of credit and drew down the funds. Included in the accompanying Statement of Operations are the operations of the acquired business since the date of acquisition. In accordance with Regulation S-X, proforma information is not provided because of the immateriality of the transaction.

(8)

Note 9 -- Impairment of Equipment

During the second quarter of 2004, the Company abandoned its ruler manufacturing equipment. In accordance with FASB 144, Accounting for the Impairment or Disposal of Long-Lived Assets, the Company recorded an impairment loss of \$84,820, or \$0.02 a share, for the full amount of the assets at the time of abandonment.

FINANCIAL CONDITION AND RESULTS OF OPERATIONS

For the Three and Nine Months Ended September 30, 2004

Item 2. - Results of Operations

Net Sales

Traditionally, the Company's sales are stronger in the second and third quarters and weaker in the first and fourth quarters of the fiscal year due to the seasonal nature of the business specific to the back-to-school season. Consolidated net sales for the quarter ended September 30, 2004 were \$11,595,000 compared with \$9,538,000 for 2003, a 22% increase. Net sales for the first nine months of 2004 were \$32,460,000 compared with \$26,869,000 for 2003, a 21% increase. Excluding the favorable effect of currency gains in Canada and Europe, net sales for the first nine months increased 19%. The sales increase was mainly driven by a 21% increase in the U.S. due to market share gains and new product launches. The new business in Hong Kong generated \$883,000 in the first nine months of 2004.

Gross Profit

The gross profit for the third quarter of 2004 was \$5,453,000 (47.0% of net sales) compared to \$3,171,000 (33.2% of net sales) for the third quarter of 2003. The gross profit in 2003 included approximately \$200,000 of costs associated with the closure of manufacturing in Germany. Gross margins for the third quarter of 2003 without this effect were 35.3%. Gross profit for the first nine months of 2004 was 45.3% of net sales compared to 37.1% in the same period of 2003. The introduction of new products coupled with positive impacts from product rationalization efforts in Europe were the main reasons for the improved gross margins.

Selling, General and Administrative Expenses

Selling, general and administrative ("SG&A") expenses for the third quarter of 2004 were \$3,739,000 (32% of net sales) compared with \$2,648,000 (28% of net sales) for the same period of 2003, an increase of \$1,091,000. SG&A expenses were 32% of net sales for the first nine months of 2004 versus 29% in the comparable period of 2003. The majority of the increase in SG&A expenses in 2004 was selling related expenses, the new sourcing and quality control office in Hong Kong and the addition of sales and marketing personnel in North America and Europe.

Interest Expense

Interest expense for the first nine months of 2004 was \$131,000, compared with \$190,000 for 2003, a \$59,000 decrease. This is mainly attributable to the decline in debt.

Other Expense

Net other expense was \$126,000 in the first nine months of 2004 compared to \$55,000 in the first nine months of 2003.

Income Before Income Taxes

Income before income taxes was \$1,616,000 in the third quarter of 2004 compared with \$565,000 in the third quarter of 2003, an increase of \$1,051,000. Income before income taxes was \$4,146,000 for the first nine months of 2004 compared with \$1,874,000 in the first nine months of 2003, an improvement of \$2,272,000. Pretax income for North America and Asia increased by approximately \$2.1 million. The European operations had a slightly higher loss (exclusive of one time expenses of approximately \$300,000) in the first nine months of 2004 compared to 2003. Increased investment in sales and marketing efforts resulted in higher costs.

Income Taxes

The effective tax rate in the first nine months of 2004 was 40% compared to 46% in 2003, which was effected by the one time charge for the closing of manufacturing facilities in Germany. The improvement is principally due to the lower losses in Europe, for which the benefit cannot be utilized to offset earnings.

Net Income

Net income for the third quarter of 2004 was \$1,017,000, or 26 cents per share (diluted), compared to a net income of \$302,000, or 8 cents per share (diluted) for the same period of 2003. Net income for the first nine months of 2004 was \$2,484,000, or 66 cents per share (diluted), compared to a net income of \$995,000, or 28 cents per share (diluted) for the same period of 2003.

(11)

MANAGEMENT'S DISCUSSION AND ANALYSIS OF

FINANCIAL CONDITION AND RESULTS OF OPERATIONS-Continued

For the Three and Nine Months Ended September 30, 2004

Financial Condition

Liquidity and Capital Resources

The Company's working capital, current ratio and long-term debt to equity ratio follow:

Se	ptember 30, 2004	December 31, 2003
Working capital	\$13,101,000 2.56 to 1	\$10,778,000 2.68 to 1

During the first nine months of 2004, total debt decreased by \$1,479,000 compared to total debt at December 31, 2003 principally as a result of seasonal collection terms which mature during the later half of the third quarter.

During September 2004, the Company renewed its revolving loan agreement, which originally allowed for borrowings up to a maximum of \$10,000,000 based on a borrowing base formula, which applies specific percentages to balances of accounts receivable and inventory. The renewal modified several characteristics of the original agreement, the most significant of which are reducing the interest rate to LIBOR plus 1.50 percent, eliminating the borrowing base formula, allowing the company to borrow up to \$10,000,000, regardless of its inventory and receivable levels, and extending the maturity of the loan to June 30, 2007. As of September 30, 2004, \$3,161,613 was outstanding and \$6,838,387 was available for borrowing under this agreement. The estimated maturities of all long-term debt follow: 2005 - \$1,000,000, 2006 - \$1,600,000, 2007 - \$708,174.

Cash expected to be generated from operating activities, together with funds available under its existing loan agreement, are expected, under current conditions, to be sufficient to finance the Company's planned operations over the next twelve months. Over that same period, the Company does not expect to make significant investments in property, plant, and equipment.

Safe Harbor for Forward-looking Statements

Forward-looking statements in this report, including without limitation, statements related to the Company's plans, strategies, objectives, expectations, intentions and adequacy of resources, are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. results of operations will be affected by the Company's ability to manage its growth and inventory; and (iii) other risks and uncertainties indicated from time to time in the Company's filings with the Securities and Exchange Commission.
